News and views **6-7**

Opinion **8**

Why do children differ so much in their ability to control their emotions?
Can teachers do anything to foster this skill?

Managing behaviour **10-11**

Are five-year-olds too young to start formal schooling?
Stephanie Thornton discusses whether there is a perfect age to start

Mathematics block **12-13**

The success or failure children experience with maths contributes much to their educational experience. Research suggests early education makes a big difference

Special report **16-18**

Is our peculiarly British way of handling cultural differences making a mess of what could be a powerfully bonding tradition?

Reviews **20-21**

Pam Lewis reviews a selection of books with a common theme – suspecting that the unpleasant may happen

Special report **22-24**

For all our affluence, we live in a society as materially unequal as any in history. But promulgate the belief that anyone can 'have it all'. What effects does this have?
