Liz Rhodes discusses disadvantaged children and the new opportunities we have to help them

Managing behaviour **10-11**

How you praise a child makes all the difference. Paradoxically, certain ways of giving praise can actually make things worse ...

Literacy for boys **12-13**

Research indicates that boys are reluctant readers and think of it as 'boring'. Why is this? And what can be done about it?

Special report **16-18**

What should we make of research that British children are, on virtually any measure, worse than those in any other Developed country? Who is to blame for this 'failure'?

Child health **20-21**

Is choosing a healthy lifestyle beyond the average child or could everybody be healthier, given a better education in this area?

Improving practice **22-23**

Why do parents choose Gaelic or Welsh medium education, particularly if they can't speak the language themselves? Jackie Cosh discusses
